

Reimbursement Fact Sheet Fiscal Year 2022-23

California Department of Social Services Child Care Programs Fiscal Year 2022–23 Budget Act

The following are the governing rates for Fiscal Year (FY) 2022–23 for all California Department of Social Services (CDSS) childcare programs reimbursed at the standard reimbursement rate (SRR):

The SRR for General Child Care (CCTR) and Migrant (CMIG) is \$54.93 per child day of enrollment (cde) or \$13,733.00 per annum based on 250 days of operation (California *Welfare and Institutions Code* [WIC] Section 10280[b] and Assembly Bill 131 [Chapter 111 Statutes of 2021]). AB 131 also stipulates that commencing January 1, 2022, contractors who, as of December 31, 2021, received the standard reimbursement rate shall be reimbursed at the greater of the following:

- (A) The 75th percentile of the 2018 regional market rate survey
- (B) The contract per-child reimbursement amount as of December 31, 2021

NOTE: Per AB 131, the adjustment factors noted by asterisk above were scheduled to be phased out by January 1, 2022. However, SB 168 required the CDSS to notify the Legislature when changes in adjustment factors are needed, and a state-issued letter to the Joint Legislative Budget Committee sent October 2021 requested these adjustment factors be maintained until "broader childcare reimbursement rate discussions unfold". Therefore, those adjustment factors remain in effect until further notice.

The daily per child reimbursement rate for Child Care and Development Programs for Children with Special Needs (CHAN) is **\$88.20** in Alameda County and **\$91.99** in San Francisco County.
